Seen any Christmas characters in Becontree?

Shepherds: Nobodies. Hardly an important job, looking after sheep. They weren't looking for God and yet God found them and invited them to meet his Son.

Wise men: Foreigners. They came to Jerusalem convinced here was the key to a new start to life. That happened when they were led to Jesus.

Mary and Joseph: Mr and Miss Ordinary. Unmarried, just wanting each other. But God had great plans for them even though serving him wouldn't be easy.

Herod: God-hater. He had a career plan that had no room for Jesus in it. Sadly it meant he hurt others too. Hating God and hating neighbour sadly go together.

Christmas is God's way of stepping into our lives.... nobodies, foreigners and even anti-God people who don't want him.

After Jesus came and lived here it is crazy to say there's no God. And it's crazy to say there is any other God.

But the worst craziness is thinking we'll never meet God. People did. And we will (at the end of our lives).

Wiser to believe he's real, relational, and regal (to be treated as King).

Join us in finding out how to do that this Christmas.

Happy Christmas!
